

SUCCESS STORY

> WORK EXPERIENCE LEADS TO JOB

I moved interstate at the end of Year 10 and enrolled in Job Club where I completed a Certificate II in Skills for Work and Vocational Pathways. This helped me build my learning and literacy skills and gain more confidence with study.

I also completed a Responsible Service of Alcohol course, Barista Skills course, went on Work Experience and on my last day they offered me a job!

Now I am enrolled in a Certificate III in Animal Studies, an area I love, while working as well.

- Mikaela, Job Club Participant 2018

"I FINISHED MY CERTIFICATE, DID WORK EXPERIENCE AND GOT A JOB!"

Mikaela put her hand up for every opportunity and support available at Job Club - and her "yes" attitude definitely paid off.

It was such a pleasure watching Mikaela grow from the quiet, positive and committed young woman she started as - to the confident student and employee she is today!

Mikaela thrived on work experience and impressed her host employer so much they didn't want to let her go. I am so excited for the next stage of her career journey as Mikaela studies in a field she loves. I know the experience she has gained through Job Club will see her transition well into her studies - and I am excited to follow her progress!

- Liz, Job Club Coach

"I FEEL PROUD, AND AM NOW STUDYING TOWARDS MY CAREER GOAL - WHILE WORKING."

SUCCESS STORY

> WORK EXPERIENCE LEADS TO TRAINEESHIP

After finishing Year 12 I wasn't sure what I wanted to do, or what I was good at. I had some idea of what I enjoyed doing, and a few different interests and career options - but didn't know how to decide between them.

Job Club helped me think about my values, interests and skills, and do work experience with Life Church School Age Care. This helped me confirm what I wanted to do - care for children.

Now I have started a Traineeship in Childcare and, thanks to Job Club and the staff at Life Church, I am confident about my future.

- Taylor, Job Club Participant 2017

"I AM MORE CONFIDENT AND HAVE MORE SKILLS."

Taylor always brought a sense of fun and adventure to Job Club each week.

I love that even though Taylor was initially unclear about her career path, she gave the program her all. Taylor worked hard on both understanding her strengths and interests as well as more about the world of work and how to bring the two together in a rewarding and fulfilling career. She also kicked goals refining her interview skills.

Through work experience and effort over the program, I have seen Taylor grow in both confidence and skill. Watching her now thrive in her chosen career path is fantastic. Well done Taylor - you have a bright future ahead and I will be following your journey!

- Liz, Job Club Coach

"I LEARNED HOW TO BUILD MY CONFIDENCE AND FOUND SOMETHING I'M 100% COMMITTED TO."
